

Tourist Office Directory 2009

The following is a list of foreign countries/destinations and regions and their tourist information offices within the United States. Where available, the address, phone number and website of each are included. Some countries have no tourist office in the US, and for each of those we are giving the embassy or consulate address followed by, if there is one, a tourism board website. Countries that have no tourist office and no embassy in the US are not listed. Countries in North America and the Caribbean also are not listed, as *ITN* prints no information on those

destinations.

Changes in addresses, etc., occur often. For updated contact info on any listings, refer to <http://travel.state.gov/foreignentryreqs.html>, which lists countries' entry requirements, including whether or not a visa is required and who to contact, and www.worldtourism-directory.com, which lists multiple travel information sources.

This list is intended to help you in planning your next trip and perhaps even inspire you to visit someplace new. Explore!
